“ Aunt Alpha (no you were not really my aunt), you were one of the most influential people in my life. Growing up my family and I lived next door to you and Granny and the two of you took care of us while our mother went to work. I am lighting this Rose in our honor and one of the most precious memories in my life. You will be greatly missed and heaven (other than my mom and Granny) has received one of the most precious Angels of all time. To your family I know you are at a great loss right now, but just know that she was and always will be loved.
