“ While I know that David's health has been poor for some time, I still can hardly believe a former student of mine and later colleague has passed. David was a unique young man with much talent and such a sharp mind. In the days and weeks ahead as you go through the process of adapting and acceptance, I encourage you to let others help when they can and let me remind you that God's timing and will are perfect. You will be in my thoughts and prayers.

“ While I know David has been very ill for several years, it is difficult for me as a former teacher and then a colleague to believe his passing. You are in my thoughts and prayers. David was quite a talented and smart young man. The days and weeks ahead will be an adjustment; let others help you when they can. Remember that God's timing and will are perfect.
