Tribute Wall

HF

“ Aunt E always beamed a with a gentle kindness. Her patience showed in her artistic abilities, particularly her fine painting skills, and her intelligence showed in her keen sense of humor. Some of my favorite memories are of us playing Scrabble. She was an excellent Scrabble player and would always guide me toward better Scrabble words because she was already that far ahead. I know we have the same “sweet tooth” genes because she would always have a bite of dessert to share after she effortlessly, but unassumingly, won the game. I’ll always cherish those times with her.
