“ *Mrs. Elease was a very special person to me. She was one of Mama's best friends. When Mama was injured in a car accident and was hospitalized for weeks Mrs. Elease brought food several times for my family. I especially remember her pork chops. The year before I got married she asked me to clean her house and help shuck corn several times for which she paid me well. My Dad was disabled at that time so what she paid me really helped to pay for our wedding that was 50 years ago. I feel privileged to have known her. She was a very special lady. You have my deepest sympathy.*
