“ *I was saddened to learn of her passing. I became friends with Ms. Burrell through her attending our PHS Alumni Days for several years. I visited her at her home and she shared with me her life scrapbook, enjoying her telling me about the pictures. I will always appreciate her allowing me to take the scrapbook home and scan the pictures. I wish I could remember all the things that she told me. Thank you Ms. Burrell for your service to our country and you will be missed.*

“ I'm so sorry for your loss. I became acquainted with Ida because my mother is also at the nursing home. My dad and brother both served in the Navy so we would always stop and talk to her and my dad would take her puzzle books. She loved doing those puzzle books. She was a patriotic lady who loved her country. Rest In Peace Ida.

“ *We always called her Zink when we were children. Zink was my mother's next oldest sister. My mother was 20 months older. Earnest was the oldest, and Gwendolyn the youngest. We lived in Chattanooga and would come down to Haleyville every 3 weeks. One time, right after Sputnik was launched in October 1958, we traveled down to see her and my uncle Paul. She was sitting in a chair in the back yard waiting for us to arrive. She said to me, "I just saw Sputnik go over and I figured when it came over the next time you would be here." We were but we didn't see Sputnik again that night because its orbit would have been must further to the east. But she was right, we did get there just when she thought we would. Her and Paul owned the Rebel Restaurant for a time, and they made the best rolls I have ever had. Rest in Peace Zink. I loved you so much, but give my mom a hug and a kiss for me, will you please. Your nephew, Michael B.*

“ *We moved over close to Ozena when I was five and I would ride to church with her sometimes or go over for a visit from time to time. Fast forward 40 to 45 years and I ran into her one day and she knew exactly who I was. Ozena was one of a kind. Praying for the family..*
