“ Remembering what a kind, caring person you always were; you always helped us out in any way you could. Praying you are resting safely and securely in our heavenly father's arms.

“ Remembering all the wonderful times we shared as cousins playing together on weekends spent at Baba and Grandaddy's house. Time spent playing on the zoysia grass patch, swapping unique/pretty rocks that we gathered from the driveway and playing hide and seek. Also, remembering the times that we sat at the picnic table out back and had ice cold watermelon or homemade ice cream. What happy days those were. But now David you have been reunited with your Mom, Dad and Baba and Grandaddy in a much more wonderful, beautiful place than where we are. Just know that one day we will all be together again forever. I Love You David.....Patti
