“ Linda was my cousin, we had good times as kids (we had so many cousins running around the neighborhood it just felt like one big extended family!). I was just doing some googling of my family members and was shocked to see this. Linda was just a little bit older than me and I had no idea she was sick much less passed away. Gina if you see this I've missed you along with Linda and Glenda and of course Leburn & Mildred (and your mother Gail too although I never really knew her that well) and all the rest (Oler too). I've missed a lot from the old Mill Village, I wish things could have worked out so that I could have been closer to home, but life takes different courses. Take care and know I never forgot you all.
