“ *Watching the tribute video, brought back so many childhood memories of our beautiful, precious neighbor, and my Mothers sweet friend , all of us kids running in and out of the house, swimming in the creek, riding motorcycles . She was so very special to me and my family , we loved her dearly, as was all her children and husband. I remember when Mother had Dementia , she would sneak off to her house and Mrs. Hill would call us to let us know she was there, would spend time with her and drive her home. We grew up as family more than neighbors. She will be missed by us all, but what a great time in heaven she is having with all her family and many of mine. Till we meet again sweet lady*
