“ Aunt Lucille will always be special to me. The things I remember the most is the laughter, the way she called me, "My girl", and her positive outlook on life. Lucille was not only my aunt, but one of the best friends I will ever have. I know that you find much peace in knowing that she is with Uncle Barney, and so many other loved ones. I am so grateful for the time that we had together while I lived in Alabama. I know she will meet me at the gate. I love her so. All of you are in my prayers.

“ We didn't get to see her often but she will certainly be missed and remembered by all of the Garrison family. I will always remember her favorite saying "Well flitter". We certainly have a lot of memories to laugh about too. Our trip to Miss America is most certainly one of them. My sincere condolences to her sons and their families. We love you all.###imported-begin###Pat Fanning###imported-end##
