“ I was so shocked and saddened to learn of Margaret's passing. It was so much fun to get to know her again as an adult in mid-life after our yearly visits as children when we would come to Decoration Day as we were related to the same cousin (but on different sides). She was witty, creative, and great company, and so full of ideas to make things prettier. My deepest condolences to all her family, and especially her twin Melissa and her son Alan.
