“ Hello Dear Friends,

Mother and I are so sorry about the death of our dear friend, Louise! We both loved her and have some great memories!!! They range from cooking at her house with Lou Ann as a child to hearing her play the piano at the Methodist Church, to our many times of playing bridge together!!! We love you all and would love to be there, but Mother is almost 87 and does not feel like making the trip. Know that we love you all!!!

Love,
