“ Dear Sister and Brother Shuman, I am so sorry for you. I can't imagine how much you are going to miss your precious Matthew. I pray you find comfort in your strong faith in Jesus during this sad time.

*I imagine Matthew with Jesus now. Matthew is jumping, dancing and worshiping the LORD like he has never been able to do before now: No more laying on a church pew for that young man! He is making up for all that time now with Jesus delightfully watching him as he enjoys his new glorified body.*
