This is to the passing of a true individual and a great American. Paul Howell was one the toughest, most tenacious, and caring individuals that I have had the pleasure of knowing. He was like my second Father to me growing up.

He help guide me through one of the darkest periods of my life and served as an inspiration to get myself to where I am today. He taught me that even when life throws you a tough one to not use that as an excuse, but to persevere after your goals.

He accomplished so much in his time. I knew him as a hunter, a fisherman, a musician, a wine maker, and an archeologist. What I will miss about him most is the personal interest he took in me growing up. I will always remember the wisdom and wit he conveyed to me during my conversations with him. He is an important part of me now and will always be in my heart.

I mourn his loss along with the Howell family, and my thoughts and prayers go out to them.

“ *To Sharon and all of the family...Paul was a great friend while growing up in Haleyville. At a very early age he peaked my interest in amateur radio and I learned a lot from him. I remember also going with him and hunting arrow heads and picking wild plums in the Bankhead. RIP K4CXS.....my prayers are with the family.*
