“ Kay & became friends 30 years ago while she was employed at the Russellville Post Office. I saw her almost every day & we just clicked. Through Kay I met her Granddaughter Shayna & she became my special little friend. I enjoyed the times I would drop by at their home and visit with Kay & Harold, and help Shayna with her homework. Every Christmas for years I would take the family a Sour Cream & Coconut cake, a favorite recipe of my Momma's and enjoyed by everyone. After Kay retired we still stayed in touch. We often sent each other cards in the mail. There was never no mistaking her beautiful handwriting & my heart would smile when I would get her card from the mailbox. She was always so uplifting & encouraging and her words were always exactly what I needed to hear. We believed in the importance of prayer & became prayer warriors. We talked about heaven a lot & how wonderful it would be when our days upon this earth was completed and we would get to see Jesus & our loved ones and friends gone on before. She looked forward with great Hope the day she would see her Lisa again. I know her heart is no longer hurting and missing Lisa! I can't imagine her joy!

*My heart is sad in knowing we will no longer talk this side of heaven and I will miss her very much but I know I will see her again and that gives me peace.*

*I loved her very much & I know without a doubt she loved me! I always told her, I'll meet you by the river one glorious day my dear friend! What a day that will be!*

“ Kay was a wonderful lady, always the same everytime I saw her. She could be stern when she had to. We became acquainted when David married Shayna. Through the years we became friends. I will miss our talks. She loved to listen to her grandson sing and play music, watch one play basketball and the other play baseball. Love all her family. Thank you Kay for being my friend.
