“ *I don't even know where I'd begin to share a memory. We had thousands of them over the years. From being in the fire dept to being my best man in my wedding or from trucking the many years together. We've had so many memories together its hard to pick just one. I wish we could make more!! I know we ain't talked much over the last couple years but it was so great being around you again especially seeing you getting out riding your bikes again. I know God has gained a great angel. We just wished you was still here. We will all miss you! Over the many years I have seen you help so many people including myself. You have touched many lives in your life. You will be missed my friend.*
