Your were part of my earliest memories. You were still living at home when I was born. Tricked me into eating my first frog legs. Took me deer hunting. When you and Aunt Alice got married, I refused to attend the wedding. I was so jealous that she was taking you away from me but mother changed my mind and I grew to love Aunt Alice too. I'll miss you Uncle Tom. I know we will meet again on the other side. Love you.

There are some who bring a light so great to the world, that even after they're gone, their light still remains. Uncle Tom I imagine not having you here on this earth, but I know our family will be together one day. I can't imagine the reunion you are having with all our loved ones in heaven. Love you always, Carla, Billybob & family
