“uncle hermis or bill as I knew him was at the hospital when I was born. I can remember seeing him through that big window pointing , smiling, waving and making funny faces. ok maybe i dont remember that part. although he moved off at a early age we got to visit many times throughout the years. i really enjoyed our visits. and even when I was a little boy he would spend time with me wanting to know how I was doing, what was i up to, what did i like and dislike. just being a great uncle. i will always love and remember him. thoughts and prayers to all our family and his friends. love you all. randy pratt.
